

GraniteElite®

Imaginative. Inspirational. Timeless.

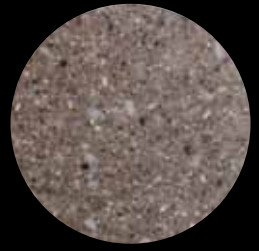

Introducing Huber's Granite Elite® Infinity™ Series

Huber Engineered Materials is excited to introduce its new line-up of innovative and modern two-dimensional "Infinity™ Series" colors. Huber's new Infinity™ Series is designed to provide you with the flexibility for manufacturing cultured granite or solid surfaces in thin or thick parts that can be made into shapes or sheets.

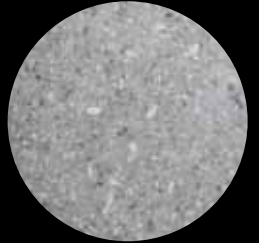

The visually appealing Infinity™ Series offers a number of other outstanding benefits:

- High Chip Concentration Appearance
- Sprayable (Just Spray It!)
- Formable
- Renewable and Repairable
- Seamable
- Shapeable (Complex Shapes Welcome!)
- Makes a Thin Part (Versatile to Make Thin or Thick Parts!)

The Infinity™ Series

GE 002 Shadow

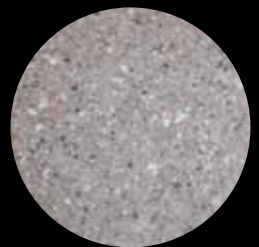

GE 003 Purity

GE 004 Moonstruck

GE 005 Saturn

GE 006 Cosmos

GraniteElite®

Imaginative. Inspirational. Timeless.

Product Appearance

- High chip density creates brilliant color and hue.
- Solid surfaces made with Huber's Granite Elite® can be easily cleaned and repaired. The materials used to make Granite Elite are inherently stain and corrosion resistant.
- Huber is able to match virtually any customer color requirements, so let us know your custom color needs.

New Granite Elite® Colors for 2016!

Product Performance

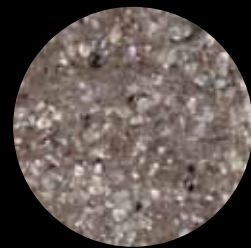

- Excellent batch-to-batch color consistency.
- Low resin demand with consistent resin / filler ratios.
- Superior air release characteristics.
- Fast wet-out in the mixing process.
- Consistent gel and cure characteristics.

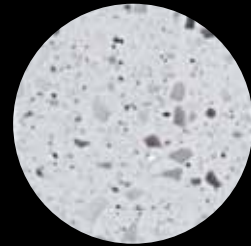

HUBER ENGINEERED MATERIALS

Huber's Granite Elite® is a precision formulated, ready-to-use mixture used to manufacture cultured granite and solid surfaces in the production of kitchen and bath surfacing materials and shapes including sinks, bowls, bathtubs and shower bases. Contact us today for color samples.
